

Class 2/3BS

Possible activities to complete at home - Thursday 4th May 2017

English - *How to catch a star* by Oliver Jeffers

When the boy set off in his boat in search of a star, he had to make sure he had all of the correct equipment: a telescope, a packed lunch, Ted!

Imagine that you are going on your very own adventure in a boat. Where would you go? What would you do? What would you take with you?

Draw a picture and write a short story of your adventure.

Maths - Estimation

If possible make some estimates around the home or whilst you are out and about. Remember an estimate is just a close guess.

E.g. How many books on the shelf? How many teabags left in the box? How many crisps in the packet?

Estimating Addition Calculations LO: to estimate

1. Which of these calculations give an answer of about 20? $4 + 7$ $3 + 15$ $18 + 11$	2. Which of these calculations give an answer of about 20? $7 + 2$ $19 + 9$ $7 + 13$	3. Which of these calculations give an answer of about 20? $12 + 7$ $17 + 11$ $2 + 9$	4. Which of these calculations give an answer of about 25? $17 + 7$ $12 + 19$ $15 + 4$	5. Which of these calculations give an answer of about 25? $8 + 23$ $8 + 12$ $13 + 14$
6. Which of these calculations give an answer of about 25? $2 + 17$ $12 + 14$ $15 + 18$	7. Which of these calculations give an answer of about 50? $30 + 18$ $13 + 17$ $14 + 47$	8. Which of these calculations give an answer of about 50? $15 + 17$ $10 + 42$ $43 + 22$	9. Which of these calculations give an answer of about 50? $23 + 12$ $30 + 34$ $24 + 26$	10. Which of these calculations give an answer of about 75? $24 + 50$ $26 + 25$ $41 + 55$
