### Single Equality Scheme 2015-2019

#### Introduction

DfE The Equality Act 2010 and schools: Departmental advice for school leaders, school staff, governing bodies and local authorities May 2014

<https://www.gov.uk/government/publications/equality-act-2010-advice-for-schools>

This Single Equality Scheme for schools in North Yorkshire provides a format for addressing the statutory duties of the Equality Act 2010 and The Children and Families Act 2014. This supersedes and brings together all previous statutory duties in relation to race, gender and disability and also addresses the duty to promote community cohesion, thus meeting the school's statutory duties in these areas.

The scheme also highlights how our school has worked with and listened to the staff, pupils, parents and carers to inform development of action plans and the need and commitment required to ensure the scheme is a success. This is underpinned by a commitment to promoting positive relationships and understanding between all groups within our school community.

This document sets out how pupils with the following protected characteristics (previously known as equality strands) will be protected in our school from harassment and discrimination:-

- disability.
- gender.
- race.
- religion and belief.
- sexual orientation.
- gender reassignment.
- pregnancy and maternity.

The law on disability discrimination is different from the rest of the Equalities Act in a number of ways. In particular, it works in only one direction - that is to say, it protects disabled people but not people who are not disabled. This means that schools are allowed to treat disabled pupils more favourably than non-disabled pupils, and in some cases are required to do so, by making reasonable adjustments to put them on a more level footing with pupils without disabilities. The definition of what constitutes discrimination is more complex. Provision for disabled pupils is closely connected with the regime for children with special educational needs. Chapter 4 of the Act deals in detail with disability issues.

This scheme extends however to cover all aspects of vulnerability, including those associated with socio-economic factors.

As well as delivering high quality services to our pupils, the school is also committed to being a good employer and as such this scheme outlines how we meet our varied duties in terms of recruitment and employment practices. We are also committed to be fully inclusive of all community users, including parents and carers. As such, this scheme therefore also sets out how we will work to overcome any discrimination related to the other protected characteristics:-

- Age\*
- Being married or in a civil partnership

\*A person's age is also a protected characteristic in relation to employment and the Act extends this (except for children) to the provision of goods and services, but age as a protected characteristic does not apply to pupils in schools. Schools therefore remain free to admit and organise children in age groups and to treat pupils in ways appropriate to their age and stage of development without risk of legal challenge, even in the case of pupils over the age of 18.

The impact of this scheme is reported on annually.

#### **Aims of the single equality scheme**

- To articulate the school's commitment to equality which permeates all school policies and practices
- To ensure that everyone who belongs to, or comes into contact with, our school community is valued and respected
- To promote equality of opportunity and eliminate unlawful discrimination, harassment or victimisation
- To comply with statutory duties under equalities legislation in one document

#### **Purpose of the Equality Scheme**

This equality scheme is the school's response to the specific and general duties in the current equality legislation, which has been brought together under the Equality Act 2010 (see appendix 1). It is an attempt to capture how the school is systematically establishing and implementing good practice in equality and diversity across all areas of school life. This includes a response to all aspects of social identity and diversity.

This Equality Scheme sets out how the school will:

- eliminate discrimination
- eliminate harassment or victimisation related to any aspect of social identity or diversity;
- promote equality of opportunity;
- promote positive attitudes to all aspects of social identity and diversity;
- encourage participation by disabled people and people representing different aspects of social identity in public life;
- take steps to take account of difference even where that involves treating some people more favourably than others;
- take proportionate action to address the disadvantage faced by particular groups of pupils.

### **Planning to eliminate discrimination and promote equality of opportunity**

This scheme is underpinned by the core belief that all children and young people belong to their local community and share the same rights to membership of that community and a quality education. We set equality objectives with associated actions which are outlined within our equalities action plan that accompanies this Equality Scheme. Our plan identifies what we will be doing over the coming year to make our school more accessible to the whole community, irrespective of background or need. (see appendix 2)

It encompasses our duties to promote positive outcomes in relation to race, gender and disability, but also identifies actions to address other social identities. It encompasses our **anticipatory duties to plan ahead for the reasonable adjustments** (reasonable and proportionate steps to overcome barriers that may impede some pupils) we need to make to be best placed to help disabled pupils who come to our school.

This action plan replaces the school's Disability Accessibility Plan for the school (previously required under the planning duties in the Disability Discrimination Act) as it sets out how the school will increase access to education for disabled pupils, alongside other protected groups, in the three areas required:

- increasing the extent to which disabled pupils can participate in the school curriculum;
- improving the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- improving the availability of accessible information to disabled pupils.

The action plan is renewed annually and progress towards the equality objectives within it is reported on regularly to governors, and this information is published at least annually. Equality objectives have been identified through consultation with key stakeholders using the **Inclusion Quality Mark** audit tool. Our equality objectives are published at least once every four years.

This action plan is understood and implemented by all staff and is available on the school website. It is available in different formats and in different languages on request to the school office.

Our school has regard to the need to provide adequate resources for implementing plans and must regularly review them.

OFSTED inspection may include the school's accessibility plan as part of their review.

#### **School Aims Statements**

In a rapidly changing world, in partnership with parents and carers, we aim to help our children:

\*enjoy learning and to become independent, self-disciplined and self-motivated in order to achieve the highest possible standards of which they are capable in all aspects of school life,

\*by providing a stable, secure and happy atmosphere where each child can develop a sense of self-worth,

\*by promoting an awareness of and respect for themselves, others and our school community

\*gain the knowledge and understanding to be able to make positive choices about a healthy lifestyle

\*develop a growing understanding of our immediate environment and the world in which we live making a positive contribution

\*by encouraging a closer working relationship with parents and the wider community

### Equality Objectives 2015-19

- \*ensure equality of opportunity for all pupils and staff regardless of gender
- \*to narrow the gap in performance of pupils with SEND

### Indicators of progress towards meeting objectives

- There are no incidents of bullying in the school community
- Pupils with SEND make the same progress as other pupils
- Attainment for boys in English is raised
- Girls consider non-stereotypical careers.

### School Vision and Values

The school's vision and values statement reflects the school's ambitions for all its pupils and have been developed with the whole community. It refers to the key requirements set out in the National Curriculum Inclusion Statement for developing an inclusive curriculum: setting suitable learning challenges; responding to pupils' diverse learning needs; overcoming potential barriers to learning and assessment for individuals and groups of pupils.

The school statement also embraces the North Yorkshire Inclusion statement which emphasises that individuals and groups of learners who may be vulnerable to exclusion, marginalisation and underachievement are identified and receive targeted provision to ensure their presence, participation and achievement. The school is committed to achieving the **Inclusion Quality Mark** and to addressing any actions which are identified to improve our inclusive practice.

Outcomes for pupils are analysed against social identity issues, i.e. gender, ethnicity, disability, faith background, and aspects of vulnerability identified by the school. This is compared with the outcomes made for all pupils. This is recorded in the School Self Evaluation Form (SEF).

These processes form part of the school's equality impact assessment processes through the Inclusion Quality Mark, to determine the impact of our provision on improving outcomes for identified pupils. In line with statutory requirements all new policies as well as existing policies and functions are evaluated for the impact they have, in consultation with identified pupils and parents/carers.

- pupils' attainment - analysis of end of key stage results for pupils of particular groups
- the quality of particular groups of pupils' learning and the progress they make throughout the school
- the extent to which different groups of pupils feel safe (e.g. Incidents of racism, 'hate' and bullying involving particular groups of pupils)
- the behaviour of particular groups of pupils (e.g. exclusion data for particular groups of pupils)
- the extent to which pupils from particular groups adopt healthy lifestyles

### **Involvement Processes**

Policies are vital to identify and consolidate thinking regarding appropriate provision for pupils, however, they are often viewed as an end, when they should be seen as a process - always evolving in response to changes and evidence from impact assessments. When developing this Equality Scheme, the school is clear that this is a process which must be informed by the involvement of all participants such as pupils, parents, school staff, governors and external agencies. This will ensure that the school gleans insights into the barriers faced by people from different social identity backgrounds and learns the best ways to overcome such barriers. This Scheme will be informed, therefore, by:

- the views and aspirations of pupils themselves from different social identity backgrounds;
- the views and aspirations of parents of pupils from different social identity backgrounds;
- the views and aspirations of staff from different social identity backgrounds;
- the views and aspirations of members of the community and other agencies, including voluntary organisations, representing different social identity backgrounds;
- the priorities in the North Yorkshire Children and Young People's Plan.

### **Mechanisms for involvement**

At this school the following mechanisms will ensure the views of **pupils** inform the Scheme.

- School council;
- Tell box
- Pupil conferencing
- Home School Support Adviser
- Individual interviews with pupils involved in incidents of a discriminatory nature or bullying related to discrimination;
- Individual interviews with pupils experiencing reasonable adjustments;
- Growing Up in North Yorkshire Pupil Survey
- Focus groups of pupils representing different social identity backgrounds

At this school the following mechanisms will ensure the views of **staff** inform the Equality Scheme and action plan:

- Exit interviews with staff;
- Regular staff meetings with specific agenda items;
- Individual discussions with staff as a part of performance management
- Staff questionnaires.

At this school the following mechanisms will ensure the views of **parents and the community** inform the Equality Scheme and action plan:

- Welcoming parents and the community into school so that they are critical drivers in policy development.
- Text inserted into newsletters: *"Your support for your child's education is crucial to their progress. Please tell us if there is any adjustments we need to make to help you support your child, for example: letters in large font; letters in different languages; wheelchair access; explaining things over the phone; a discussion with a school colleague of the same gender."*
- Feedback through the Governing Body meetings;
- Feedback from Parent Governors
- Parental questionnaires

The school's action plan will focus on developing the involvement of pupils, staff and parents from different social identity backgrounds over the three years of this Scheme. We will consider varying the times, methods and the venues for this involvement to ensure the best possible attendance and ensure views can be heard. This way the school will learn what works and the involvement of pupils, staff and parents will improve and deepen over time.

### **Action Planning**

Although it is no longer a requirement for schools to have an equality action plan, those schools which do already have one (or more) of these in place, may find it helpful to continue with this approach and adapt it to take into account the extent of the duty.( 5.27 DfE Equalities Guidance May 2014)

This scheme is supported by an action plan, the progress of which is monitored and evaluated by the Governing Body.

The action plan that identifies the equality objectives for the school arising from this scheme and the impact assessment through the Inclusion Quality Mark has:

- clear allocation of responsibility;
- clear allocation of resources, human and financial;
- clear timescales;
- expected outcomes and performance criteria;
- specified dates for review;

The effectiveness of this Scheme will be evaluated and reflected in:

- the School Self-evaluation Form;
- the level achieved in the Inclusion Quality Mark;
- feedback e.g. Parentview

### **Reporting**

This Scheme will be reported on annually. Progress against the action plan will be evaluated and the impact of the action and activities assessed. Copies will be displayed in the school reception area and it will be referenced in school newsletters and in the school's prospectus on the school website.

### **Publication**

This Equality Scheme will be published and available to anyone requesting a copy. Copies will be displayed in the school reception area and it will be referenced in school newsletters, the school prospectus and on the school's website.

Information is published demonstrating how the school is complying with the Public Sector Equality Duty and the school's equality objectives. The school updates its published information at least annually and publishes the equality objectives at least every four years.
